

## GEN. FUNSTON'S VIEW OF THE WAR

He is Not An Expansionist  
At Heart

THINKS, THOUGH, THAT WE  
SHOULD STAY BY IT.

The Kansas Fighter Would Like to Be  
Professor of American History in  
Luzon University—Says He Would  
Warrant That the Next Generation  
of Filipinos Would Know Better  
Than to Get in the Way of Anglo-  
Saxon Progress and Decency—Vol-  
unteer Troops Will Report to Law-  
ton Instead of Otis.

Washington, June 28.—[Special].—In a letter to friends in this city, Gen. Funston says: "On general principles I am not an expansionist, but I believe that since we were thrown into this thing we should stay with it to the bitter end, and rattle these bullet-headed Asiatic ruffians until they yell for mercy. "After the war I want the job of professor of American history in Luzon university, when they build it, and I will warrant that the next generation of Filipinos will know better than to get in the way of Anglo-Saxon progress and decency."

### REINFORCEMENTS FOR GEN. OTIS

Alger Says 40,000 Will Be Sent as Soon as Possible

Washington, June 28.—[Special].—Gen. Otis is going to have forty thousand soldiers in the Philippines as soon as they can be got there, said Secretary Alger this morning, after a conference with the president, and if he needs more he will send them.

Transportation facilities are going to be increased as fast as possible.

### Shelled Insurgent Intrenchments.

Manila, June 28.—[Special].—A squadron of the Fourth cavalry landed at Muntin Lupa, ten miles from Imus today.

The Gunboat Napidan which accompanied the troops shelled the insurgent intrenchments in front of the town and the enemy retreated.

The cavalry then disembarked. The Filipinos fired a final volley, killing one cavalryman.

Recruits Will Report to Lawton

Washington, June 28.—[Special].—It is intimated here that when the troops now being recruited arrive at Manila they will report to Gen. Lawton instead of Gen. Otis.

The hint that the administration is displeased with the work of Gen. Otis, cannot be officially verified.

Says Gen. Luna Is Not Dead.

Paris, June 28.—[Special].—The Filipino junta here received a telegram from Hong Kong saying that Gen. Luna was not dead. "The junta thinks the telegram is wrong."

Says Number of Deaths Reached 5,000.

Vancouver, June 28.—[Special].—Japanese papers contain an interview with a man who recently arrived at Yokohama from Manila, in which he is quoted as saying that the total number of deaths in the ranks of the American army will easily reach five thousand.

Washington, June 28.—President McKinley returned to Washington Tuesday and in the evening held a two hours' conference with Secretary Alger. The consultation has caused the circulation of all sorts of rumors concerning the president's intention to call for volunteers. It can be confidently announced that the president has not modified his policy. He has not authorized a call for additional troops, nor has he instructed the war department officials to proceed with the recruiting of a provisional army. His position is exactly the same as the day he left Washington.

Gen. Otis has asked for an effective force of 30,000 men. That means that he wants that number of men constantly prepared to take their position on the firing line. Under a decision of the law officers of the war department it is held that the medical and hospital corps should not be included in computing the numerical strength of the regular army, which by law is authorized at 65,000. Hence that branch of the service will not be included in Gen. Otis' 30,000 men.

Gen. Otis reports that 15 per cent of his command is incapacitated by sickness, etc., and it is supposed he has 2,000 men in hospitals. The action which the president took before leaving Washington anticipated such a condition. He authorized Gen. Otis to increase his force by 5,000, expecting many of the volunteers to remain, and enlist under this authority, forming the skeleton of at least four regiments. As it now stands, Gen. Otis is to have 35,000 men, sufficient, it is believed, to give him an effective force of at least 30,000.

The steps taken by the war department are considered adequate for ordinary conditions. Should it be found the climatic conditions incapacitate a larger percentage of the troops than is anticipated, a new calculation will be made, and action promptly taken to

bring the effective force to the maximum desired.

This is one contingency which may cause the recruiting of additional provisional regiments. Another is a change in the conditions which confront the American army. Should something happen to cause Gen. Otis to revise his estimate and increase his maximum he will be re-enforced. The president will give him all the force he asks for.

Secretary Alger would not commit himself on the present recruiting of the army further than to say that it would be brought up to the limit of 65,000, and that the regiments of volunteers formed by Gen. Otis would be brought up to their full strength. He would not say that recruiting would then cease, nor would he admit that it would continue for the purpose of raising a provisional army. The emphasis he placed upon his remarks seemed to warrant the belief that in his opinion at least the president would find it desirable to exceed the 70,000 limit, which has been placed upon the size of the army. He can have 100,000, including the regulars, and Secretary Alger would, it can be safely said, endorse the proposition to raise that number of men.

### Blockhouses Are Destroyed.

Manila, June 28.—Yesterday four guns of Hobbs' battery and other artillery bombarded the Filipino blockhouses and trenches about two miles north of San Fernando. The blockhouses, which had been used by Filipino sharpshooters to annoy the American outposts, were destroyed. The enemy made no resistance.

### Ports Opened to Trade.

Manila, June 28.—Maj.-Gen. Otis has ordered the opening to trade of many important ports that have been closed since the outbreak. These include San Fernando, on the west coast of Luzon; Aparri, on the north coast; Curimao and all ports in the islands of Samar and Leyte.

### Another Rumor Kills Aguinaldo.

Manila, June 28.—The rumor that Aguinaldo had been assassinated was in circulation again for several days. It was not believed, but its currency gave it a definite form.

### More War Victims.

Washington, June 28.—Gen. Otis cabled a belated list of American casualties from Manila Tuesday. It included the names of four soldiers killed and eight wounded.

### FORECAST OF WEATHER

Chicago, June 28.—[Special].—Forecast for Wisconsin:

Generally fair tonight; Thursday, cooler.

### COL. N. SMITH'S RETIREMENT

Announced With Regret in the Columns of Fond du Lac Paper.

The management of the Fond du Lac Commonwealth pays the following compliment to Col. Nicholas Smith, in speaking of his retirement from that publication and journalistic ranks.

"It is with sincere regret that the management of the Commonwealth announces the retirement of Col. Nicholas Smith, owing to declining health, after an association of four and one-half years, as editor of this paper, during which time the relations have been of a most cordial character. As an editor he has met all the responsibilities of his position with a most painstaking care and fidelity, which has endeared him to the management for all time and have been of inestimable value to the Commonwealth. As a citizen his Christian character and kindly nature has developed for him an almost boundless circle of warm friends, who today join the Commonwealth management in wishing him a speedy return to health, that he may again take up his work of editor, author, lecturer and thus round out a useless life by at least ten or twenty years of active service.

"There is no encomium which could add to the high esteem in which Col. Smith is held by his co-workers and by the citizens of Fond du Lac. The affection and admiration, which his life and work in this community have inspired, is the highest testimonial to a man's true worth."

The failing health of Col. Smith is regretted by his many friends throughout the state, and especially in Janesville, where the veteran editor is so well and favorably known, having been associated in the publication of the Gazette for sixteen years.

### In Session at Toronto, Ont.

Toronto, Ont., June 28.—The international supreme lodge of the independent Order of Good Templars convened Tuesday. About 500 delegates have arrived, among them representatives from England, Ireland, Scotland, Norway, Sweden, Denmark and India. The opening session was devoted almost entirely to the reception of credentials.

### Strikers' Riot in Germany.

Berlin, June 28.—Serious strike riots broke out Tuesday in the Bochum coal mines. The troops who were called out to protect the non-strikers were attacked by the rioters and compelled to use their sidearms and firearms. Many persons were injured. The strikers fired on the miners' houses and the zemdarms returned the fire.

## THE LATEST NEWS FROM BADGERDOM

NARROW ESCAPE OF A RACINE  
PICNIC PARTY.

A Domestic's Presence of Mind Saved a Marinette Hotel—Chippewa County's Wild Man Thought to Have Escaped From an Asylum—Green Bay Man Robbed.

Racine, Wis., June 28.—A bus load of forty members of the Lynn Singing club, while on their way home from a picnic held in the town of Caledonia, narrowly escaped being run down by a Milwaukee, Racine & Kenosha car, at the four-mile crossing. The car grazed the rear wheel of the bus. Many of the ladies fainted, and others leaped from the vehicle. A. H. Allen, who was driving the bus horses, says that the motor-man of the car was looking back in the car at the time of the occurrence.

### She Saved Hotel Marinette.

Marinette, Wis., June 28.—Annie Johnson, employed in the Hotel Marinette, was badly burned today by the explosion of a can of gasoline which was being used for cleaning. Her presence of mind saved the hotel from destruction. She carried the blazing can into a bathroom and threw it into the tub at the risk of her life. It was extinguished without damage.

### Chippewa County's Wild Man

Chippewa Falls, Wis., June 28.—It is thought by those who have visited the jail that the wild man has been a patient at some asylum and escaped from the keepers.

### Held Up in Marinette

Marinette, Wis., June 28.—A. B. Broome, an insurance solicitor of Green Bay, was held up and robbed of \$80 last night, across the bridge in Frenchtown. The highwaymen tripped him up with a cane, went through him, and then escaped in a boat. Broome was roughly used, most of the clothing being torn from his person.

### Milwaukee Shelters 285,000

Milwaukee, Wis., June 28.—Milwaukee has not reached the 300,000 mark in population to which the city has been confidently looking for the last year. A. G. Wright, publisher of the city directory, estimates from his new volume, just completed, that 285,000 in round numbers is the present figure. Failure to make the expected increase, he says, is traceable to inadequate railroad facilities, as business conditions in Milwaukee were never better and prosperity seems universal.

### Rained George Taylor's Home

Marinette, Wis., June 29.—Some one entered the home of George W. Taylor, secretary of the State Board of Immigration, in the absence of the family, and did considerable damage with an ax. Valuable bric-a-brac and furniture were hacked and chopped, big holes were knocked in the walls, and the casings were cut in many places. The identity of the vandal or the object of his attack is a mystery.

### Wisconsin Pensions Granted.

Washington, D. C., June 28.—Original—Bently S. Phillips, Eau Claire, \$8; Adam Gleitman, Cedarburg, \$8. Increase—James Arnold, Hartland, \$8 to \$12; David W. Barrett, Banyan, \$14 to \$17; Peter Bahl, Portage, \$10 to \$12; John Berkley, Baraboo, \$12 to \$14; William Christie, Powersville, \$12 to \$30; Calvin W. Coulter, Sabin, \$12 to \$14. Original widows, etc.—Amelia Larue, Waupun, \$8.

### Also Wanted For Burglary.

Portage, Wis., June 28.—Frank Burns and William McLaughlin arrested here yesterday, have been identified as the men wanted for burglary at Wauwoc. They will be taken there when the vagrancy sentence expires here.

### Murder Case At Manitowoc.

Manitowoc, Wis., June 28.—The trial of J. L. Hampton, for the killing of his wife, is on trial here. A special venire has been exhausted. The crime was committed a year ago.

### Two Waupun For Three Years.

Eau Claire, Wis., June 28.—George Davis, who followed a circus to town recently, pleaded guilty to burglary, and was sentenced by Judge O'Neill to three years in the penitentiary.

### Manitowoc Girl Insane.

Manitowoc, Wis., June 28.—Miss Maria Steinke, of Ellisville, a domestic, became suddenly insane yesterday. She was taken to an asylum. She is 18 years old.

### WERE MARRIED THIS NOON

Whitish-Nuehlisen Wedding Performed at Home of Groom's Parents

At noon today at the Pearl street home of the groom's parents was performed the ceremony that united as man and wife Dr. Roscoe A. Whitish and Miss Sophia J. Nuehlisen of Vineland, N. J. Rev. A. C. Kempton performed the ceremony.

John R. Whitish acted as best man and Miss Alice Whitish as bridesmaid. Following the ceremony a wedding repast was in order the rooms being tastefully decorated with flowers.

The bride is a young lady highly esteemed and is possessed of many friends. The groom is the son of R. A. Whitish and is a physician enjoying a large practice at Briggsville, Wis., in which city the happy couple will reside.

Dr. and Mrs. Whitish were the recipients of many handsome presents and a host of friends here will extend most hearty congratulations.

## MRS. M'KINLEY HAS GREATLY IMPROVED

FALSE RUMOR REGARDING  
WESTERN TRIP.

Never Promised to Go to Minneapolis or Pacific Coast, But Accepted Invitations, Providing Nothing Should Happen to Prevent—Will Probably Go Later.

Washington, June 28.—[Special].—The condition of Mrs. McKinley is greatly improved this morning. The report that the president canceled his proposed western trip on account of her condition is untrue.

He never promised to go to Minneapolis or the Pacific coast, but accepted the invitation on the condition that he would go providing nothing should happen to prevent, and thus the matter still stands.

Unless something unforeseen intervenes, the trip will probably be made.

### RIOT IN PARLIAMENT

Trouble Arose Over the Government's Electoral Bill—General Strike Promised.

Brussels, June 28.—[Special].—Another riot took place in parliament today over the government's electoral law bill. The socialists and clericals were the chief participants.

It is stated that the labor party has resolved to call a general strike as a protest against the measures.

### WILL EXPORT NO RICE

Viceroy of Nanking, Under Orders From Peking, Orders It Stopped From Wuhu.

Vancouver, B. C., June 28.—[Special].—Orient advises say the viceroy of Nanking, under orders from Peking, has stopped the export of rice from Wuhu on the ground that China is on the verge of war.

### Dreyfus to Arrive Friday.

Brest, June 28.—The New York Journal correspondent cables: "Dreyfus will arrive here Friday night and will be immediately taken to Rennes for his court-martial. The president of the Western railway has been notified to make necessary arrangements for a special train to convey the prisoner at that time. The government has made elaborate public and secret arrangements for his safe conduct. The whole district between Brest and Rennes is under close surveillance of secret agents."

### Three Negroes Are Killed.

Birmingham, Ala., June 28.—Three negroes dead and one not expected to live is the result of a riot between the white and negro miners at the ore mines near Gardiff in Jefferson county. The two races came to a clash in Glasgow hollow, where the negroes had congregated, armed with rifles. The trouble grew out of an attempt to arrest John Shepherd, who was accused of assaulting Mrs. Monroe Jones.

### Pingree's Plan Is Taibled.

Detroit, Mich., June 28.—The plans of Gov. Pingree and his associates for municipal ownership and operation of Detroit street railways were left "in the air" by the common council last night. The two pending ordinances and other matters appertaining to the municipal ownership scheme were laid on the table by unanimous vote, and it is problematical when these questions will be again public debated.

### Immunity from Yellow Fever.

City of Mexico, June 28.—The board of health has received a cable from Dr. A. H. Doty, federal quarantine officer, advising it of the discovery by Dr. Doty of a serum which confers immunity from yellow fever. The report excites intense interest here, for the gulf coast, the richest portion of the republic, hitherto has been little developed, through fear of yellow fever, being shunned alike by Mexicans and foreigners, unless immune.

### Excursion Train Wrecked.

Danville, Ill., June 28.—The Knights of Pythias excursion train from Champaign to Danville was wrecked Tuesday morning at Mayview. The tender, baggage car and first two passenger coaches left the track while going at full speed. There were 300 excursionists aboard the train. All the passengers in the front coaches were badly shaken up, but no one was killed. Two men, one woman and one child suffered broken limbs.

### Germany Makes a Condition.

Berlin, June 28.—The correspondent of the Cologne Gazette at The Hague asserts that Germany will support the proposal to establish a court of arbitration on condition that the greater powers have a proportionate representation thereon. The disarmament proposals, the correspondent says, are regarded as definitely buried.

### Blow to the Czar's Scheme.

London, June 28.—The correspondent of the Times at The Hague says: "As the result of a protracted informal discussion of the committee's report the Russian military disarmament proposals were declared unacceptable."

## MAYOR RICHARDSON ATTENDS League of Wisconsin Municipalities Close Successful Meeting.

Mayor V. P. Richardson who attended the meeting of the League of the Wisconsin Municipalities at Fond du Lac, reports a very pleasant and profitable meeting. It closed yesterday after the election of the following officers.

President—Mayor W. C. Leitch, Columbus.

Vice President—S. B. Hopkins, Fond du Lac.

Secretary—Dr. S. E. Sharling, Wisconsin university.

Treasurer—E. J. Roach, Waterloo.

Vice presidents were elected also from each congressional district.

It was decided to meet next November in Monroe and to hold the summer meetings in July instead of in June hereafter.

Among the papers read today was one on "The Need of a Uniform System of Accounting for Cities," by Dr. Sharling of the state university, who said:

If uniformity cannot be secured by the voluntary action of the cities themselves, the league should ask the legislature to make provision for the creation of a central authority for the express purpose of developing and enforcing a uniform system. In addition there should be given this authority sufficient power to audit, so that defects may be detected and carefulness enforced. A most valuable feature of this plan would be the publication of the financial statistics of the cities in the form of a report with full explanatory tables.

There is a splendid opportunity for the cities of Wisconsin to take the lead in this work and show to the cities of other states that progressive spirit which characterizes this state.

### DEWEY GOES TO EGYPT

He Sailed From Colombo, Ceylon—Will Make No Intermediate Stops.

Washington, June 28.—[Special].—The navy department received the following this morning: "Colombo-Port Said-Dewey."

The translated dispatch means that the Olympia with Dewey aboard, sailed this morning from Colombo, Ceylon, for Port Said, Egypt, and will make no intermediate stops.

### May Succeed Gen. Alger.

Los Angeles, Cal., June 28.—Brig.-Gen. Harrison Gray Otis, editor of the Los Angeles Times, has been ordered to Washington, where on July 1 he will be mustered out of the volunteer service. The journey to the national capital revives the report that Gen. Otis is slated as the possible successor to Secretary of War Alger.

### Treaty with Bermuda Ready.

Washington, June 28.—A reciprocity treaty with the British West Indies colony of Bermuda has been concluded, and the Bermuda commission has left for home with a draft of the treaty, which is to be submitted to the Bermuda legislature before being finally signed on behalf of the two governments.

### Columbia and Defender Meet.

Newport, R. I., June 28.—Columbia and Defender had several scraps Tuesday, practically spending the whole day outside, and, although Columbia is the better boat, both pointing, and footing, it will not run away from Defender.

### Mrs. McKinley Is Better.

Washington, June 28.—President McKinley and party returned to the capital Tuesday morning, two days earlier than contemplated, because of Mrs. McKinley's health and her desire to get back to the white house. Mrs. McKinley stood her journey very well, and was better on arrival here.

### McCoy Willing to Meet Ryan.

Denver, Colo., June 28.—"Kid" McCoy Tuesday sent the following reply to a telegram from the Syracuse Herald, asking him whether he would fight Tom Ryan before the Colorado Athletic club:

"Will meet Ryan July 24, 158 pounds at ringside of Colorado Athletic association, ten or twenty rounds, winner take all. Have deposited \$1,000 with the Colorado club to support this. Ryan must do the same, as he shall not get any free advertising without paying for it. KID MCCOY."

### More Rioting at Cleveland.

Cleveland, Ohio, June 28.—Rioting began on Broadway, in the south end, about 10 o'clock Tuesday morning, and lasted until about 12 o'clock. Several patrolmen cleared the street. During the morning the people learned that a car in charge of a non-union crew had gone down town. When it arrived it was assailed with stones, eggs, and rubbish. Other cars run by non-union crews were attacked. Arrests will follow, the police say.

### Chicago Invites the G. A. R.

Chicago, June 28.—Mayor Harrison has addressed a letter to the G. A. R. encampment, held this year at Philadelphia, inviting the organization to make Chicago its meeting-place in 1900. The mayor promises that every effort will be made to make the encampment a memorable one. The committee of local G. A. R. posts expects to raise \$150,000 for the occasion. Its members say they are meeting with much encouragement in their work.

## STREET CAR EMPLOYEE ATTACKED BY A MOB

RIOTING RESUMED AT CLEVELAND THIS MORNING.

F. O'Connor, Who, It Is Said, Was Ordered to Leave City Yesterday Fires at His Assailants, But Without Effect—He Flees From the Scene.

Cleveland, O., June 28.—[Special].—Rioting resumed here this morning despite the fact that the strike is over.

F. O'Connor, who it is reported, is the man who was ordered to leave town yesterday, was attacked by a mob this morning on his car.

O'Connor fired at his assailants but without effect. He then fled and has not since been located.

### FLEE WITH FAMILIES

Negroes at Blesburgh, the Scene of Yesterday's Riot, Have Left—No Trouble Feared.

Birmingham, Ala., June 28.—[Special].—All the negroes at Blesburgh, the scene of yesterday's riot, have fled, taking their families and household goods.

The woods are still filled with armed whites but no further trouble is feared.

### TWO KILLED; 3 INJURED

The Steamer St. Paul Blew Out Her Boiler Flues Near Alton Last Night.

St. Louis, June 29.—[Special].—The steamer St. Paul blew out her boiler flues near Alton last night. Three men were scalded to death and two others received probably fatal injuries.

### PENN'S CREW WAS THE BEST.

Wins Big College Boat Race—Wisconsin a Close Second.

Eight-oared shell race for the intercollegiate championship of America: Pennsylvania first by a half length. Time, 20:04.

Wisconsin second by three and a half lengths. Time, 20:05½.

Cornell third by two lengths. Time, 20:13.

Columbia fourth. Time, 20:20.

Poughkeepsie, N. Y., June 28.—Pennsylvania is still the aquatic champion of the American colleges and the best crew among all. The almost unknown Badgers of Wisconsin, working in the face of adversity, have advanced themselves to the proud place of second.

In the greatest race ever rowed by eight-oared shells, Pennsylvania Tuesday defeated the westerners by a half length in a grueling finish; in a race in which a desperate spurt was maintained for the last three-quarters of a mile. It was a hard pinch the Quakers had, and it was only in the last few strokes that gallantly and desperately they shot the nose of their frail craft ahead of the western boat, which had been leading at a merry clip for nearly all the four long miles.

### Stock Yards Strike Settled.

Chicago, June 28.—The adoption of the wage scale of 1893 by the packers yesterday morning is believed to have settled the stock yards strike. The butchers are discontented and will demand an increase from \$4.50 to \$5 a day. This the packers say they will not grant, as the men are up to the 1893 scale now. There was a rumor about the yards during the day that unless the butchers' demands were granted there would be another strike on July 1, but this the packers discredited.

### The Pope Advises Kruger.

Rome, June 28.—The pope is watching with keen interest the difficulties now existing between Great Britain and the Transvaal. His holiness has wired to President Kruger a long and earnest letter, urging him to exercise prudence and moderation. President Kruger recently sent to the pope several rich presents. Accompanying them was a letter in which he stated his desire that the very best relations should exist and continue to exist between the vatican and the Transvaal.

### Soldiers to Be Reimbursed.

Springfield, Ill., June 28.—Men who paid fines for disorderly conduct, misdemeanors, etc., while in camp as volunteers in the war with Spain, are to be reimbursed. Col. Young stated that he had received information that the war department was remitting all summary or field court fines. As a result of the decision of the war department in declaring such fines illegal, several hundred men will be reimbursed different sums, ranging all the way from \$1 to \$50.

### Goebel Wins in Kentucky.

Louisville, Ky., June 28

## IDENT M'KINLEY NOT COMING WEST

**BOWER CITY PEOPLE DOOMED  
TO DISAPPOINTMENT.**

His Wife's Illness Blocks His Vacation Trip—Will Visit Chicago, Though, Says a Special to the Times-Herald—Great Disappointment to Wisconsin.

Residents of Janesville who were eagerly awaiting the western trip of President McKinley in the hopes of gazing on the chief executive of the nation, are doomed to disappointment.

In speaking of the abandonment of the contemplated western trip of the president and party a special to the Chicago Times-Herald says:

"The western trip which President McKinley intended to make this summer has been abandoned. This is owing to the condition of Mrs. McKinley's health, which has been impaired by a cold contracted during the eastern tour.

"The decision of the president, however, not to come west, does not affect his purpose to be in Chicago for the fall festival. Unless the condition of his wife assumes a serious phase, the president expects to join the Chicago people in their great celebration, and he will spare no effort to keep his promise to the invitation committee.

"The jaunt that the president has given up was to Minneapolis, and thence possibly to Yellowstone Park and the Pacific coast.

"Heretofore the excitement of travel and the receiving of visitors has been beneficial to Mrs. McKinley, and a distinct improvement in her physical condition has been noticeable when she has been away with the president. Largely for this reason the president went to New England and arranged the western trip, which he had expected to take later. It was found, however, that instead of the New England trip being beneficial it had an opposite effect upon Mrs. McKinley, and the president and Dr. Rixey decided that it would be better to bring her back to Washington without delay.

"The state of Mrs. McKinley's health at this time is decidedly worse than it has usually been since she has been in the white house, and the probable result will be that the president will remain in Washington practically all summer and will take very little if any vacation out of the city.

"It is not expected that Mrs. McKinley will have to stay in the house. She will be able to drive about the city as heretofore, and it is probable that she and the president will take occasional outings on the Potomac."

## NEWS FROM THE COUNTY

North Johnston.

North Johnston, June 28.—Charles Fox had quite a lively runaway last Sunday night with a span of colts which he was driving. No serious damage was done. A large crowd was present at the flag raising at the town line school last Friday and all had a good time. There is to be a school picnic this week in T. Rice's woods. Edward Bevens spent a few days last week with relatives in Cooksville. Mrs. Henry Tooker and mother started last Tuesday to visit relatives in Viola, Wis. Mr. Halverson of Whitewater, with two assistants, began work on the church, Monday. The services next Sunday will be held in the schoolhouse. The proceeds of the social last week at Mr. Bevens' amounted to \$5.45. Remember the school meeting next Monday night. Mrs. Osborn is expected home from Minnesota this week. She will take in the carnival at Milwaukee on the way. Mr. and Mrs. George Bennett entertained all their children and grandchildren over Sunday, twenty-two in number.

Exceptionally Low Rates to Detroit, Mich.

Via the Northwestern line. Excursion tickets will be sold at greatly reduced rates from all stations, July 3 to 5, inclusive, limited to August 15, 1899, inclusive, on account of annual Christian Endeavor convention. Apply to agents Chicago & Northwestern railway.

Mr. P. Betcham, of Pike City, Cal., says: "During my brother's late sickness from sciatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this liniment affords. For sale by People's Drug Co., corner Main and Milwaukee streets.

Laughter is a Cure for Disease.

It is an Italian doctor who specially recommends laughter as a cure for modern ills. The diseases influenced by a hearty laugh are numerous. It will be interesting to see how the treatment is effected. Our medical contemporary suggests that there is a great opening for professional gelototherapists—the very name makes one smile—who should study various ways of inducing laughter. A course of tickling is prescribed for bronchitis, for example; a course of farcical comedies might suit an anaemic patient; while puns, fired at intervals, would be found efficacious in cases of pleurisy.

Kites to Unveil a Statue.

When the statue of Benjamin Franklin in front of the Philadelphia post-office is unveiled numerous kites of huge size will be attached to the canvas covering of the statue and through the agency of these kites and by means of intricate electrical appliances the statue will be unveiled without any apparent human or mechanical assistance. Justus C. Strawbridge, who bears the entire cost of the statue, \$17,200, and will present it to the city, conceived the idea several years ago at a dinner, after listening to a speech in which it was pointed out that there was no memorial bronze to Franklin in that city.

Discovery of Gold.

Just fifty years ago this spring the country was wild over the discovery of gold in California, and companies of men were forming over the whole United States to start for the new El Dorado. Some went by Cape Horn, some by Panama, but most went overland. These in after days were the forty-niners. Marshall discovered gold at Sutter's Mill in 1848, but it was not generally believed until Polk confirmed it in his annual message.

Wheelmen of France.

The recent census of cyclists in France, which has been made for the purpose of taxation, shows that there are 303,649 owners of wheels.

Artificial Limbs.

Artificial arms and legs were in use in Egypt as early as B. C. 700. They were made by the priests, who were the physicians of that early time.

Looseing Up a Stinky Brother.

A story goes that a church in Warrensburg, Mo., was sadly in need of general repairs, and a meeting was being held in it with a view of raising funds for that purpose. The minister having said that \$500 would be required, a very wealthy and equally stinky member of the congregation arose and said he would give \$1. Just as he sat down, however, a lump of plaster fell from the ceiling and hit him on the head, whereupon he rose up hastily and called out that he had made a mistake; he would give \$50. This was too much for an enthusiast present, who, forgetful of everything, called out fervently: "Oh, Lord, hit him again!"

Artificial arms and legs were in use in Egypt as early as B. C. 700. They were made by the priests, who were the physicians of that early time.

Looseing Up a Stinky Brother.

A story goes that a church in Warrensburg, Mo., was sadly in need of general repairs, and a meeting was being held in it with a view of raising funds for that purpose. The minister having said that \$500 would be required, a very wealthy and equally stinky member of the congregation arose and said he would give \$1. Just as he sat down, however, a lump of plaster fell from the ceiling and hit him on the head, whereupon he rose up hastily and called out that he had made a mistake; he would give \$50. This was too much for an enthusiast present, who, forgetful of everything, called out fervently: "Oh, Lord, hit him again!"

## THE WEEKLY CROP BULLETIN

Crops Damaged by Hail in Some Localities—Temperature Normal.

The average temperature for the week was about normal, and slightly warmer than last week, especially in the southern counties, where the weekly average was seventy-two degrees.

The rainfall for the week has been very light and scattered. Local thunderstorms of considerable severity occurred along the western border of the state. In Grant and Vernon counties the damage to crops by hail in a few localities was severe. Trees were stripped of foliage; lambs and young pigs killed; windows broken, and crops beaten down.

The weather during the past week has been generally favorable for the cultivation of corn, which has been pushed vigorously. This work, however, is not yet completed, as many fields on low ground and heavy soil are too wet to work, and another week of dry weather is needed. The crop is generally strong and healthy and of good color.

Winter wheat and rye are beginning to ripen and some will be harvested this week. Some damage was done these crops in western counties by local hailstorms, but generally the outlook is good.

Oats and barley have made a too rapid growth for the best results and there is a decided tendency to lodge badly on rich soil.

Grass and pastures are good. Some clover has been cut. Hay on bottom land has been damaged by the overflow of the streams.

Potatoes are making good progress. Some complaint of rotting on account of continued wet weather.

## COURT REFUSES TO GRANT NEW TRIAL

**MILWAUKEE ROAD ROBBERS  
HUNT AND KING.**

Were Sentenced From This City to the State Prison for a Term of Three Years Each—Case Was Recently Argued at Madison—Claim That They Are Innocent.

Frank Hunt and Edward King, who were sentenced from this city two years ago to three years each in the state prison at Waupun, will be obliged to serve out their full time.

The supreme court of the state of Wisconsin has just handed down its decision in this case, which was argued at Madison last week by District Attorney Jackson of this city, and Attorney General Hicks of Madison, for the state and Attorney Rufus B. Smith of Madison, for the defendants.

Hunt and King were arrested and placed in the Rock county jail on the charge of having burglarized freight cars on the Chicago, Milwaukee & St. Paul railroad at Milton.

They protested the evidence but the police gathered evidence of a damaging nature against them.

Clothing which they stole was sold by them to John Arquette of this city, and it was mainly through the evidence given by Arquette that they were convicted.

Hunt and King were both given a fair trial before Judge Phelps of this city, and were sentenced to three years each.

Since being confined at Waupun both have maintained that they were innocent of the crime charged and that the police got the wrong parties when they made the arrest.

During the past year, wealthy relatives in the west have advanced money to again bring their case into the courts but now that the supreme court has passed on the case, present indications are that the defendants will linger behind prison bars till the expiration of their full three year terms.

## EVANSVILLE COLONY PROSPER

Quill Pusher of the Cut Off City Visits Bower City.

The editor of the Evansville Tribune in speaking of a recent visit to the Bower City, has the following to say: "We called on Janesville friends Thursday afternoon and evening, found Landlord Brewer and wife enjoying good health; his son-in-law, Joseph Coleman, and wife about to resume charge of their hotel at Fort Atkinson again after one year's rest from business. C. H. Spencer, good natured and happy, enjoying the best trade in the shoe line of high grade, and high grade customers; he certainly has one of the finest displays and stores in the state. Our former citizen and merchant, R. Griffin, smiling and happy with a good trade in his car on the corner of the street, and all others in Janesville equally happy and in anticipation of a big time the Fourth and at their wheel meet commencing July 12."

I was seriously afflicted with a cough for several years, and last year had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had a good health for twenty years. Respectfully, Mrs. Mary A. Beard, Claremore Ark. Romance Just Ended.

The Hawesville (Ky.) Clarion says that "Uncle" Jim Scott of that place, who has just died, was married, while a slave, to the wife who now survives him. They were sold and sent to different sections of the country, and were lost to each other for more than fifty years. In that time each had married and buried another partner. Four years ago was brought to light, in his endeavor to secure a pension, the existence of the wife of his young manhood, in Louisville. A reunion followed, the pension was secured, and the old couple lived happily together until his death.

Lighting the Ocean.

A new method of illumination on the ocean consists of using a hollow cylinder of steel tubing, charged with calcium carbide. This shell is to be shot from a gun to a distance of two miles. When it strikes the water it generates acetylene gas and gives 1,000 candle power, which burns from the end which floats. This light cannot be extinguished by water.

BECOMING A MOTHER.

A Sure Way to Avoid Danger.

Every true woman wants to be a mother. A baby is the dream of her life—the crowning glory of womanhood—true happiness can never be known without the blessings a child brings.

Yet the ordeal through which all mothers must pass is so full of pain, anxiety and fear that many a young life is sacrificed because of the inability to undergo the struggle of childbirth.

It is not necessary to suffer in bringing new life into the world. By the use of "Mother's Friend," the suffering and danger can be avoided, and the hour robbed of its dread and pain. This remedy is praised by thousands who have tested it. Every woman is anxious to learn how to avoid the pain and suffering which may be in store for her. The little book, "Before Baby is Born," will be sent free to any address upon application to the Bradfield Regulator Co., Atlanta, Georgia.

### Maine Recipe That Is Far Ahead of the Chesapeake Idea

The man who discovered that a green rock maple slab was far ahead of the green ash plank used along Chesapeake bay for cooking planked shad is State Senator Henry P. Sharp of Monticello. The secret was revealed by accident. Years ago, when he was woods foreman, he had great trouble in finding cant dog handles that would not bend. Ash and oak made excellent handles, but as soon as they became wet the men who plied the logs bent them into fantastic shapes. After ten years of trial with all kinds of wood Mr. Sharp learned that rock maple was the only material that would remain stiff after it was water-soaked. As a result of this every cant dog now has a rock maple handle. Two years ago this spring Senator Sharp went down the river and bought a dozen shad fresh from the weirs. On his way home he stopped at Orono to visit the cant dog factory and have a planked shad for dinner. As no green ash could be had for the planking, a fresh and sappy slab was sawed off from the cant dog stock at the mill and to this the shad was pegged, after which it was upholstered with thin strips of fat salt pork and placed upon the coals to cook. The heat of the fire started the maple sap in the slab and made it stick fast to the shad and

## PAYING MORE TAX.

The stock life insurance companies doing business in Wisconsin will have to contribute \$167,396.19 additional in taxes to the state this year, of which sum the Northwestern Mutual Life company, of Milwaukee, will pay \$152,739.21. These payments are required by the law passed by the last legislature which went into effect on May 5. The companies had already paid a \$300 license fee each March 1. In computing the tax to be paid this year the insurance commissioner, after computing the total tax for the year under the new law, 1 per cent. of the gross premium receipts, allowed each company a credit of \$247.64 to apply on the license fee after May 4, this being the balance left from the \$300 already paid after deducting the amount due under the old law for the sixty-five days from March 1 to May 5.

## PRAISES THE FILIPINOS.

General Charles King, Wisconsin's soldier-author, thinks the Filipinos capable of self-government. In a statement telegraphed The Milwaukee Journal he says:

"The capability of the Filipinos for self-government cannot be doubted; such men as Arrolano, Aguineldo and many others whom I might name are highly educated; nine-tenths of the people read and write; all are skilled artisans in one way or another; they are industrious, frugal, temperate, and if given a fair start could look out for themselves infinitely better than our people imagine. In my opinion they rank far higher than the Cubans or the uneducated negroes to whom we have given the right of suffrage."

"As General King has just returned from Manila, where he had opportunities for observation and study, his opinion will be read with interest."

Some citizens complain because the old telephones have been removed from the city building; but as the city, in recognition of concessions that reduce the cost of city 'phones from \$35 a month to \$12 a month—agreed to use the new 'phones exclusively, we do not see how the old ones could be retained unless the city deliberately violated the agreement with the local company. This condition was embodied in the franchise granted during Mayor Thoroughgood's last term. The fact that the old telephones are now offered the city free of cost would not appear to be material, for clearly, under the contract, only the new 'phones can be used by the city, regardless of any inducement that may be held out.

One way for Janesville to escape the imputation of being a one-horse town would be to capture by a bonus the concern that wants to make horseless carriages there.—Madison Journal.

Janesville can "escape the imputation" without any trouble at all. But we don't know how Madison could dodge it.

The announcement that Grover Cleveland has no political ambition has been confirmed. A bolt of lightning recently struck Grover's barn thus showing conclusively that the ex-president has no lightning rod up.

Gov. Roosevelt received an ovation when he led the floral parade at the Milwaukee carnival this afternoon. In fact, to do the subject justice, he was "the only daisy in the bunch," so to speak.

Kentucky is degenerating. The delegates to the democratic state convention were searched by the police for the purpose of depriving the aforementioned delegates of their—tin horns!!

In reducing the opera house license from \$150 to \$1 per year, the council made a just concession to a home enterprise, and the action meets popular sentiment.

The French crisis has ended and arrangements are now under way to make the next one far more critical.

What did the Kentucky democrats carry in the tin horns? That is the question.

## TRUTH ABOUT TELEPHONES

In Granting the Franchise City Agrees to Use New Phones Exclusively.

To the Public.—In order that the public at large may more fully understand the controversy between the Wisconsin Telephone (Bell) and the Rock County Telephone Co. as regards the use of telephones in the city offices and engine houses, we wish to state that in consideration of the Rock County Co. furnishing the city with three phones free of charge, and the balance of the city 'phones at half the price they had paid the Bell Co. for years, the city agreed to use the phones of the Rock County Co. exclusively, and it is so stated in the franchise that was granted by the city to the Rock County Co. By using the Rock County Co.'s phones the city makes a saving of \$192.00 per annum and the agreement to use the Rock County Co.'s phones exclusively was made in consideration of that saving, and also because the operation of an opposition exchange would save the telephone users of Janesville several thousands of dollars each year. If the Wisconsin Telephone company desired to give the city a benefit, why did they not reduce their prices before the Rock County company was organized? The Rock County company is an exclusive Janesville organization, and as it has given the people of Janesville cheap telephones and a better service than they ever had before, it should have the good wishes and support of the people of Janesville.

The Rock County company will fulfill its agreements to the letter, and it is no more than fair that the city of Janesville do the same.

The following is the section of the franchise of the Rock County Telephone Co. relating to the furnishing of telephones for the city offices, engine houses and schools:

"Section 3. The said telephone company, its successors and assigns, shall furnish telephones for the city clerk's office and each of the fire department stations now or hereafter established without cost to said city. In case said city should desire any additional telephones for use in the public schools, buildings or offices of said city, the right is reserved to secure the use of the same at one-half of the rate established by said company for business purposes; upon the condition however that the telephones of the Rock County Telephone Co. are used exclusively."

## FIREWORKS MUCH HIGHER

Trust Has Advanced the Price 15 Per Cent.—Said News For Small Boy

It will be a source of regret to the average small boy to know that the trust, the omnipresent and persistent monopolizer, has got hold of the firecracker, and that the boy who indulges in it is time-honored and noisy means of celebrating the glorious Fourth will this year have to pay 15 per cent. more for his patriotic ammunition than he did last year. The pin wheel, the sky rocket, the cannon cracker and the ever essential snappy firecracker have all been advanced in price by the trust. In this instance the trust is the Consolidated Fire Work company.

Mrs. Col. Richardson  
SAVED BY MRS. PINKHAM.

[LETTER TO MRS. PINKHAM NO. 72,995]

"You have saved my life, snatched me from the brink of the grave almost, and I wish to thank you. About eighteen months ago I was a total wreck, physically. I had been troubled with leucorrhoea for some time, but had given hardly any attention to the trouble."

"At last inflammation of the womb and ovaries resulted and then I suffered agonies, had to give up my profession (musician and piano player), was confined to my bed and life became a terrible cross. My husband summoned the best physicians, but their benefit was but temporary at best. I believe I should have contracted the morphia habit under their care, if my common sense had not intervened."

"One day my husband noticed the advertisement of your remedies and immediately bought me a full trial. Soon the pain in my ovaries was gone. I am now well, strong and robust, walk, ride a wheel, and feel like a girl in her teens. I would not be without Lydia E. Pinkham's Vegetable Compound; it is like water of life to me. I am very grateful and sincerely your well-wisher, and I heartily recommend your remedies. I hope some poor creature may be helped to health by reading my story."—MRS. COL. E. P. RICHARDSON, RUINELANDER, WIS.

WEATHER KEPT MANY  
FROM THE CARNIVAL

THREATENING CLOUDS TODAY  
HAD BAD EFFECT.

Instead of Seven Hundred From Here the Number Hardly Reached the Hundred Mark—Many Returned Home This Morning—Rain Raised Havoc.

Threatening weather today resulted in keeping many local citizens from attending the carnival in Milwaukee.

Instead of a delegation of seven hundred going the number hardly reached the one hundred mark.

On the Milwaukee road fifty-one tickets had been disposed of for the early morning trains and but few left on following trains.

On the Northwestern road twenty tickets were sold for the morning trains from here.

Many from here who spent yesterday and last evening in Milwaukee returned home this morning much disappointed.

From the west and south the incoming trains were not so densely filled with people as they were yesterday.

The weather was miserable in the Cream City, the rain having raised havoc with the fine decorations.

At the lake front last evening thousands assembled to witness the water carnival but the down pouring rain put a damper on everything, ruining many fine pieces of fire works.

Today, with the bursting little worse for its bath last night and with a whole city full of people praying for sunshine, proved the greatest of all, the Carnival week, because it brought before the throng the most conspicuous, as he is the most idolized, man in America today—Col. "Teddy" Roosevelt, who arrived last night and who rode in the flower parade today, not because floral coronets are especially suitable to rough riders, but because it is the best way, in the limited time given, to let all the people have a fleeting glimpse of their hero.

In itself, even without the presence of Col. Roosevelt, the flower parade was one of the most beautiful features of the week, and to-night's fire run will undoubtedly be the most thrilling.

## SPECIAL GAME WARDEN HERE

Johnson Says That the Law is Being Obedied These Days.

Special Game Warden Johnson of Winnebago county, was in the city today, looking after the case of the State of Wisconsin vs. Wildman.

The defendant was arrested by Warden Johnson for illegal fishing with a net at Lake Koshkonong, and the case has been adjourned till July 13, Wildman now being out on bail.

Warden Johnson says that the fishermen through the state are paying strict attention to the state game laws at present, and no complaints of late have been registered.

## GROCERS FAVOR MILWAUKEE

Local Grocers Will Probably Hold Their Picnic There.

Present indications are that the local grocers will have their annual picnic this year at Whitefish Bay, Milwaukee. A delegation of five from this city made a visit to the Cream City yesterday, and were much pleased with the place.

Those who went were: C. A. Thompson, C. N. Van Kirk, Warren Skelly, H. S. Johnson, and B. De Forest.

Providing satisfactory arrangements can be made with the railroads as to rates, the committee have practically decided to hold their next annual picnic at the Milwaukee resort.

The date will be sometime in July, and a large delegation from here will undoubtedly attend.

ANNUAL MEETING OF  
MEDICAL SOCIETYOPENS WITH AN INTERESTING  
DISCUSSION.

About Fifty Members of the Association From Abroad Are Present—Morning Devoted to the Subject of "Criminal Abortion"—Dr. Henry T. Byford Opens Discussion.

The Central Wisconsin Medical society held their regular annual meeting in the rooms of the Rock County Caledonian society today. The opening session was called to order at 10 o'clock this morning by Dr. F. T. Nye of Beloit, president of the association. About forty members of the medical profession from out of the city were in attendance. After the reading of the minutes of the previous meeting held at Madison last March, and their adoption on motion of Dr. Whiting, Dr. Nye stated that the morning would be devoted to the topic of "Criminal Abortion" and called on Dr. Henry T. Byford, of Chicago, to open the discussion. According to the views of this eminent specialist, the case is very rare that requires an abortion.

As for a criminal abortion no reputable medical practitioner would under any circumstances think of undertaking this operation. Not because of the danger that attends it but looking at it simply on a moral ground. His able and clear paper was warmly received.

President Nye then introduced M. G. Jeffris, stating that it was the intention to view this matter from a legal standpoint.

Mr. Jeffris was closely followed and proved most interesting. Prominent among the points brought out was the difference in the statutes of the forty-four states which bring this operation within the class of crimes. While he had only made a cursory examination, his opinion was that these laws were the product of an Anglo-Saxon civilization. Though a part of the law of European countries, they were practically a dead letter and only strictly adhered to in England and America. Taking France as an example where the greatest percentage of such operations are known, the country is rapidly becoming depopulated and her statesmen deem it of the gravest import. The speaker thought it was the duty—the patriotic duty—of every American citizen, whatever his calling, to discourage this rapidly increasing evil.

The clergyman's side was next treated by Rev. A. C. Smith of this city. While considering it a delicate question for a clergyman, for two reasons, because it was out of his sphere and he was ignorant as to the extent of the evil, he did believe in laying aside false modesty or prudery, and doing all in his power to abate this alarming evil. It was his idea that excellent results could be obtained by a state institution where women in this condition, could be taken care of and returned to their homes without being forever disgraced. Much good might be done by the clergy, but the solving of the problem remained with the true and honorable physician who prized his profession above all things. The reverend gentleman was frequently applauded while a perfect ovation greeted him at the close.

Dr. W. H. Barles, president of the Milwaukee Medical college, presented the last prepared article and the subject was handled in a most skillful manner, the learned physician fully agreeing with the great specialist who opened the discussion. Quacks were roundly scored and the young men urged to use every means in their power to avoid this fearful crime.

Rev. Father Goebel was called on and made a brief talk but right to the point on the question.

It was expected that Rev. G. R. Leavitt, of Beloit, and Senator J. M. Whitehead, of this city, would address the meeting, but both were unable to be present.

The remainder of the morning was given up to an open discussion and the opinion of all was that no man worthy of the title, Doctor, would, unless in exceptional cases make use of the operation.

At 1:30 all adjourned to the Grand Hotel where an excellent repast had been provided. The inner man being satisfied, the following subjects were discussed, Dr. J. B. Whiting, acting as magister:

1. "The Clergyman and the Physician."
2. "Medicine and Law."
3. "Medical Societies."
4. "Consultations."

The afternoon session was devoted to the election of officers and routine business. It is expected that the convention will close this evening.

## CAPTAIN SENT TELEGRAM HERE

Sutherland Stated That It Looked Like Third Place to Them

Captain Sutherland, of the Wisconsin University boat crew, who rowed on this Hudson yesterday is a nephew of Attorney G. G. Sutherland, of this city, and many of the eastern papers have stated that Captain Sutherland's home is in Janesville.

Yesterday Captain Sutherland sent a telegram to his uncle here stating that his men were figuring on third place, only defeating Columbia.

That all Janesville is proud of the grand showing made by the Badger boys in winning second place yesterday is evident by the talk on the streets today.

Some weeks ago the contractors, getting anxious for money due them for work, threatened to foreclose unless the same was paid.

POLICE DISCOVER  
POOR UNFORTUNATESWEDE WITH LIMBS AND  
FINGERS GONE.

Chief Hogan Makes the Discovery of One of the Most Pitiful Cases—August Carlson is the Man's Name, and He Was Nearly Frozen to Death in Michigan.

With both legs severed above the knees and with every finger gone on both hands, August Carlson, an ex-lumberman, was found last evening near the depot by Chief of Police Hogan.

Carlson stated that he had arrived in town on a passenger train from Chicago.

He said that he lost his limbs and fingers by being frozen in the Michigan pineries in 1896 near Crystal Falls by being caught in a blizzard while working with a companion, who froze to death, dying soon after help had reached them.

Carlson is a pitiful sight to behold and when found by Chief Hogan was almost famished, not having had a thing to eat for two days.

He said that his left leg, bothered him and that for two days and nights he lay on the grass near a railroad track in hopes that it would heal.

He possesses a pair of artificial limbs, but being a heavy man the weight of his body on his stump limbs has caused him much pain.

Last evening the unfortunate man was taken to Adam Holt's hotel, and was tenderly cared for in the vacant building adjoining the hotel on the north.

This morning Dr. J. B. Whiting, Jr., was called, and the examination made by him showed that Carlson had not told half the suffering that he had gone through. The end of his left limb was in bad condition.

Officer Kenyon was notified, and Carlson seemed delighted to think that he could visit the poor farm until his limb healed.

Carlson is a Swede, twenty-nine years of age, unmarried, and appears to be a perfect gentleman.

When offered a drink of whisky he refused, saying that he was a temperance man.

Carlson says he has no relatives in this country, and that he left Sweden for America when a mere boy.

Chief Hogan says that in all his years' experience as an officer here, he never ran across a more pitiful case.

## SEVEN DAYS FOR WIFE BEATING

Arrested by Chief Hogan—Hobos Before the Bar of Justice.

R. W. Bates, who resides on Division street, was arrested yesterday by Chief of Police Hogan on a charge of assaulting his wife. Bates appeared in the municipal court late yesterday afternoon, and related his version of the affair to Judge Fifield, claiming that he struck his wife because she had thrown hot coffee on him. The story from Bates, who is a cripple, did not open the flood-gates of sympathy with the judge, and the fellow was sent to the county bastille to tarry for seven days with Sheriff Appleby.

James Murray was before the court on a charge of being drunk and disorderly. He was found guilty, and fined \$2 and costs. Agreeing to pay the fine imposed he was allowed to go his way rejoicing.

Five hobos were lined up before the bar of justice and were disposed of as follows: John Hunter, 30 days; Barney McGuire, 30 days; James Clark, 20 days; Charles Anchor, 30 days; Mike Carroll, 60 days.

It was suggested that it would be wise to let them go and Judge Fifield concluded to hold the commitments over until this morning, thus giving the wandering Willies an opportunity to make themselves scarce, which they did.

## COMPLIMENT REV. KEMPTON

Local Divine Will Address the Delavan Lake Assembly.

The pamphlet announcing the many attractions at the Delavan Lake assembly, July 26 to Aug. 8, pays the following compliment to Rev. Arthur C. Kempton, of this city:

"This bright thinker and lecturer has recently returned from an extensive visit to the Orient, and other foreign countries. He was present in Constantinople during the war between Turkey and Greece, and with others visited the Sultan in his palace. Great men he has seen, and the interesting places, of the old world, and those who have heard him tell of his journeys, promise a treat to others who will have such opportunity the coming summer at the assembly. Hear all the speakers,—do not fail to hear this one."

## HURT IN A RUNAWAY MISHAP

Henry Madru of Beloit, and a Relative From Chicago Injured

Mr. Henry Madru, residing west of Beloit, and Mrs. Houser of Chicago, a relative of his wife, were quite seriously injured in a runaway accident yesterday forenoon. Mrs. Houser was hurt about the hips and it is feared seriously. Mr. Madru had his right thumb broken. He was driving into the Lake City and the horse became unmanageable near the Parker school and ran down C street, and in turning on to Fourth street the carriage was overturned and both Mr. Madru and the lady were dragged for some distance under it. Mrs. Houser was taken to the house of a friend and is confined to her bed. Mr. Madru's thumb was cut to the bone with the lines he was holding, and thinks the bones were broken by his pulling on the horse.

WISCONSIN TELEPHONE CO.

HUSBAND DENIES  
SUICIDE STORYDEMISE OF MRS. HUGH COLLINS  
THIS MORNING.

Neighbors Say That the Dead Woman Took Poison But This Mr. Collins Says Is Not True—Says the Report Was Started By Some Children.

Mrs. Hugh Collins died this morning at 11:45 o'clock at her home at the north edge of the city limits, near the ice house of the People's Ice company.

The cause of her demise is said to have been heart and gall trouble.

The report that Mrs. Collins ended her own life by taking poison, is denied by Mr. Collins, who was seen this noon by a Gazette representative.

The family are in poor circumstances. Their home is a mere shack.

At 2 o'clock this afternoon Mr. Collins had not notified an undertaker, and in regard to the suicide theory, said that children in the neighborhood started the report.

Mrs. Collins, he said, had been ill for several days and this morning her case took a sudden turn for the worse.

She was thirty-eight years of age and besides a husband leaves three small daughters and a son.

At 2 o'clock this afternoon when a Gazette representative called at the humble home to learn the particulars, no neighbors were there to offer aid and the surroundings were indeed pitiful.

Notice of funeral later.

## BAPTISTS POSTPONE PICNIC

**See How Cushionet Turns are Made.**

(PATENT APPLIED FOR.)

Heaviest square edges ever shown on fine turn Shoes. Uppers are protected; will not rip and will outwear any ordinary Shoe

The felt cushion is stitched to a heavy canvas which is then covered by the kid sock lining so that the foot does not come into contact with the felt and there are no complaints regarding these Shoes being too warm for summer wear. The advantages are in the heavy soles and heavy filling forming a much better treading surface and in keeping the feet up and away from the ground.

The importance of a perfectly pure Coffee cannot be overestimated. Coffee should be a beverage, not a drug. Nature intended it as a beverage, therefore its preparation should have this thought in mind. Good Coffee, well made, is in no wise injurious, but on the other hand is of a necessity. White Star Coffees are the products of carefully cultivated varieties that have been harvested, cured, roasted, blended and packed on scientific principles, and as a result are perfectly pure. Costs but little more to have pure Coffee than the impure, and the amount of good to be derived is inestimable. White Star coffee sells at from 20 to 38c a pound. Try a sample pound.

## LATE NEWS BY TELEGRAPH.

## UNION MEN ARE ATTACKED.

Citizens of Lapel, Ind., Indignant at Glass Workers.

## BOTH SIDES HEAVILY ARMED.

Bitter Feeling Against Unionism in the Community Is the Cause of the Trouble—Negro Miners Are Unable to Leave Pana.

Anderson, Ind., June 28.—A determined mob of citizens and workmen took possession of the town of Lapel, nine miles west of Anderson, for three hours Monday night, and made a demonstration against the effort to unionize the employees of the Wilcox and Lapel flint glass factories. State Organizer James Morrison visited the workmen favoring the movement and held a conference. Immediately after his departure the mob gathered and riddled the doors and windows of the hotel with rocks, clubs, and brickbats. The front of the hotel was pierced by a dozen shots from the crowd, but fortunately none struck the inmates. Tuesday Landlord Helney was notified to drive out the union men or his place would be destroyed. Sheriff Moore is on the scene and a number of deputies have been sworn in to prevent further trouble.

Glass Workers Go Out.—Hartford City, Ind., June 28.—Tuesday morning the blowers in the non-union bottle factory at Mill Grove, six miles east of this city, notified the manager, W. H. Cox of this city, that unless they received the scale of the American Flint Glass Workers' union they would walk out. The request was denied, and the men and their helpers, numbering fifty in all, quit, and the factory is shut down. An effort will be made to run with apprentice boys. Seven blowers of the Hartford City Flint Bottle company have also quit, but the plant has four shops out of its twelve still running. The flint union is making a strenuous effort to unionize all the bottle plants in the gas belt. A strike is also on at Red Key, Parker and Ingalls.

Negro Miners in Distress.—Pana, Ill., June 28.—Contrary to expectations, very few negro miners have left the city, and two meetings have been held to devise ways and means to get out of the city. Warren Penwell, secretary of the Penwell colliery, stated that owing to the absence of his father from the city the company could do nothing. The Springside company claimed they were unable to do anything, while Superintendent Broehl of the Pana company absolutely refused to treat with the committee. Many of the negroes are in destitute circumstances, and are disposing of their household effects and mining tools for a mere song. They are bitter in their denunciation of the operators and say they have been robbed on every hand.

Attempt to Blow Up a Mine.—Evansville, Ind., June 28.—An unsuccessful attempt was made to blow up the First Avenue coal mine, at the edge of the city, Monday night. The striking miners are becoming desperate and declare that the First Avenue mine cannot be run by non-union miners. National President John Mitchell of the United Mine Workers is expected here soon. Guards are at all the local mines where non-union labor is employed.

Strike to Cause Big Loss.—Pittsburg, Pa., June 28.—The delay in arranging the tin plate scale will result in serious loss to the workers. A low estimate as to the loss in wages if a settlement is reached within two weeks is over \$1,000,000, fully three-fourths of which would be paid in western Pennsylvania if the plants continued in operation.

Lodges Notified of Failure.—Pittsburg, Pa., June 28.—Secretary John Williams of the Amalgamated association has notified all lodges of the failure to agree on the tinplate wage scale. The lodges were asked to meet and again consider the scale.

Buffalo Strike Declared Off.—Buffalo, June 28.—The strike of the freight handlers along the docks, which has been in progress for several weeks, was declared off Tuesday night and the men will return to work unconditionally.

Russia Buys More Guns.—New York, June 28.—It is announced that Russia has placed an order for \$20,000,000 of American ordnance. Russia is going to spend \$30,000,000 altogether for field artillery, mounts and ammunition and American gunmakers may in the end get a still larger share of that sum than the first \$20,000,000, which they almost count as their own already.

## Grain-O Brings Relief

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee, but the effects are just the opposite. Coffee irritates the stomach and ruins the digestion, affects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can be obtained in 15 and 25c per package.

## BRITISH SEIZE FRENCH SHIP.

Newfoundland Officials Take Action That May Cause Complications.

St. John's, N. F., June 28.—The French fishing vessel Nouvelle Ecosse arrived at Cape Broyl, on the southern coast of Newfoundland, Monday, in quest of herring bait and was seized by the customs officials for violation of the fishery laws. An officer was given the custody of the ship and crew, but the latter attacked him, threw him into a boat, and left the coast.

The British special service vessel Columbine was ordered to chase and seize the Nouvelle Ecosse, which has no register, that being in the hands of the customs officials.

Serious complications are expected to result from this affair. The French admiral is coming here to undertake an investigation.

## To Elect Bland's Successor.

St. Louis, Mo., June 28.—Gov. Stephens, who is here for a short time, announces that he will call a special election in the eighth congressional district of Missouri about the 1st of September to fill the vacancy caused by the death of Richard P. Bland. The contest between Democrats in the eighth congressional district to succeed the late Congressman Bland is receiving a good deal of attention of that the governor. He is a resident of that district and three or four of the candidates are his personal friends.

## Criticize Chicago's Orders.

Washington, June 28.—The Chicago sailed yesterday from Tamatalee, Madagascar, for Delagoa. The ship was on her way around the Cape of Good Hope to Brazil, but owing to the unsettled state of affairs in the Transvaal she will be retained in that vicinity as long as may be necessary to afford protection to the American interests in that quarter. These interests are considerable, both in the number of American residents in the Transvaal engaged in mining operations, and in the volume of American capital employed in the mining industry.

## BOOKS OF ADVENTURE.

Tales of Mystery and Crime the Favorite Literature of Convicts.

Criminals, like the people of stage-land and of other professions that exact high nervous pressure, have their superstitions. Nothing is better proof of the fact than the library list of Sing Sing prison and a computation of the favorite books of men who have run the gamut of crime from murder to felony. In a two-months' record out of the well furnished library of upward of 4,000 volumes of science, travel, biography, religion and fictions, the book that heads the list with a circulation of 463 is Charles Reade's "It Is Never Too Late to Mend." Lever's "Charles O'Malley" is a close second, and Lytton's "Paul Clifford" as third shows the standing of the gentleman highwayman with the men of his calling.

Alex. Dumas' "Count of Monte Cristo" was out 390 times in these eight weeks, and the Dickens books which contested its run most closely were "Oliver Twist," with its famous history of Bill Sykes, and "A Tale of Two Cities," with its Sydney Carton, who lived a vagabond and died a hero. The Sherlock Holmes stories of Conan Doyle and Wilkie Collins' "Moonstone," "Woman in White," and "The Dead Secret" are in constant demand. Capt. King and Capt. Marryatt both have a strong following, and Stanley Weyman's spirited romances, so replete with incident, stand side by side with Mark Twain's "Tom Sawyer" in the estimation of the prison readers.—New York World.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. For sale by People's Drug Co., Cor. Main and Milwaukee streets.

## Strike May Become General.

Bremen, June 28.—The coal miners' strike, looked for by the Westphalian operators, has broken out. The men in several of the mines in the province have refused to go to work without an increase in wages to correspond with the greater price at which the operators are selling coal, and it is feared that the strike may become general.

## Chicago Will Make a Bid.

Chicago, June 28.—At the meeting of the national democratic committee to be held in this city July 20, Thomas Gahan, chairman of the state delegation and member of the national body, will make a bid in behalf of Chicago for the next national convention.

## Gazette's Hint of New Score.

London, June 28.—The St. James' Gazette, which has been remarkable for its jingoism on the subject of the Transvaal, caps the climax by earnestly appealing to the British admiralty to "take immediate steps to counteract the plans of the representatives of the Clan-na-Gael from the United States who are now at Pretoria, with the view of obtaining authority to start a fleet of privateers under the Transvaal flag, with the object of looting Cape liners."

## British Proposal Rejected.

Washington, June 28.—The government of the United States has rejected the latest proposition of Great Britain in the Alaska boundary negotiations, which was, in effect, that the provisional boundary line be so arranged as to give Great Britain possession, during the existence of the modus vivendi, of the village of Klukwan, which is situated at the head of a stream leading into the Lynn canal.

## John Mygard Arrested.

Galena, Kas., June 28.—John Mygard, who has been wanted for two years for the alleged murder of James Wall at Staunton, Ill., was arrested in this city last night by Chief of Police Parker. There was a standing reward for Mygard of \$2,000.

## Porto Rican Custom Receipts.

Washington, June 28.—Total receipts from customs in Porto Rico for the last fourteen weeks were \$433,873. Receipts for the week ending June 10 exceed those of any previous week by \$3,144.

## Royalty in Fine Plagiarism.

Holland's young queen has a decided fondness for pretty clothes. A large assortment of dress goods was sent to the palace the other day, and her mother proceeded to choose for the queen some alpaca and plain material; but Wilhelmina flatly refused to abide by the selection, and chose figured silks and brilliant dress materials, even for morning. She said that her loving parent might make use of the plain stuffs if she liked them, but she wanted something prettier.

## Gray Hairs Can be Deferred

Premature gray hairs usually are the effects of carelessness. If the scalp is kept free of dandruff and properly nourished and strengthened, gray hairs would be unusual before the age of forty or forty-five. There is no remedy in existence that will restore color to gray hairs; but the

## Seven Sutherland Sisters'

Hair Grower and Scalp Cleaner, if applied according to directions contained in each package, will positively defer gray hairs until nature compels their appearance. There are today thousands of American men and women who have revived the dying energies of their hair through the faithful use of these simple and natural remedies.

## Will Sail for Manila Soon.

San Francisco, June 28.—Troop F, Sixth cavalry, Capt. E. F. Wilcox, has arrived at the Presidio from Fort Leavenworth, Kan. The command will later proceed to Sequoyia Park. Companies B and F, Twenty-first infantry, also have reached the Presidio. The remaining companies of the Twenty-fourth and Twenty-fifth infantry are on their way to San Francisco. These two regiments, with the remaining troops of the Fourth cavalry, will sail for Manila soon.

## No Trouble with Cubans.

Havana, June 28.—The report of serious trouble at Nuevitas, in connection with the payment of the Cuban troops, the story being that the Cubans, after receiving payment, charged the guard and recovered the arms they had surrendered, turns out to be without foundation. The Cuba submarine wires from Santa Cruz have not been working since June 25, and no dispatches have come over the signal-service line. A naval surgeon apparently started the story in the United States club.

EVERY MAN TO HIS FANCY.—Some like tobacco in the pipe; some prefer a cigar—so, also, in the choice of liquors—Some prefer one kind, some another.

## OLD UNDEROOF RYE

is the triumph of 30 years practical experience in the art of combining fine old whiskies. Its component elements are of different distillations from different localities; each of them chosen for some specially good quality. If there is merit in fine old whiskies, Old Underoof Rye certainly possesses it. Stored scientifically and ripened for years in heavily charred barrels.

## DOLLS' DAY for VICI KID.

The little women cannot begin too early to know the very best of shoe leather; the softest, easiest, most pliable and most lasting shoe leather.

That is precisely the kind they want for their dolls. Nothing is too good for dolly. And so we have arranged to give every little girl in Janesville who, accompanied by a parent, brings her doll to the store on Saturday, a pair of genuine Vici Kid Slippers for the little play-child's feet. No matter how big the doll or how little, we have a pair of slippers ready for its feet.

Do you wonder why we give away dolls' slippers of real Vici Kid—the best and costliest kid that goes into shoes? Of course you do. Something for nothing isn't the usual way. It isn't the way with these Vici Kid slippers either.

There is but one genuine Vici Kid. Mr. Robert H. Foerderer produced that kid and named it. There are many imitations. We want every girl and every woman to know exactly what the genuine Vici Kid looks like and feels like. Then the men will all know, too.

And so we make these dolls' slippers, knowing well that in her play-talk dolly will tell how soft and easy they are, and the little girl and all the house will see how handsome and tough they are—what a perfect shoe leather; they are made of. This will make them ask for Vici Kid shoes for themselves, and make them insist upon getting the genuine.

That is why these dainty slippers are so gladly given away; they carry the story and the fact of Vici Kid into every house they enter.

Bring the dolly, big or little. If we haven't a fit ready for her we'll make the slippers to order.

During this week we are teaching shoe care by proper dressing. It means better wear, better looks, better satisfaction from shoes—money in one's pocket.
